VOLUME 05:2019

WELCOME ABOARD

Spring is finally here, and we are close to kicking the pollen 'outa here!!!

Our May luncheon will be the last one before we take our summer break and at that luncheon, we will vote on our 2019-2021 Board of Directors. Many nominees on the election roster (see page 2) are members who have already served in their listed positions; others will be new. We also have a couple of newly created committee chair positions to help keep our organization relevant in our everchanging world.

Our goal is to always look for ways to make our luncheons/special events more enticing and enjoyable, so if you have any suggestions please contact the incoming Co-VPs of Programs. We also want to make sure we listen to our members while we continue to grow our membership, so feel free to contact any Board member.

In closing, we would like to thank all Board members and Committee Chairs for their hard work during our 2017-2019 term. We especially want to thank our outgoing Board and Committee members; we will miss you.

After the May election, we will move to the Co-Chairmen of the Board position as that is the natural progression for outgoing Co-Presidents ... we have enjoyed serving you and look forward to new challenges.

Hope to see many of you at our May "Patriotic" luncheon!!!!

BOREDOM BUSTER BAGS

If you attended the September 2018 luncheon, you may recall many of us brought items to create Boredom Buster Bags for the hospitalized children. We thought we would end this season of luncheons by asking those of you who may want to bring a smile to a child's face to participate once again.

Here's a bit about the bags...

Children battling cancer spend days, weeks or even months living in the hospital. Boredom Buster Bags provide them a little distraction from a day that can often be filled with tests, chemotherapy treatments and BOREDOM!

If interested in participating, collect* games, crafts, small toys or other items such as those listed on the following page. Items should be placed in a clear Ziploc gallon size bag. Please make sure all items are appropriate for young children and/or teens.

CURE enjoys offering these bags to the children as they afford them a little bit of joy to break up their day.

*** IMPORTANT NOTE:** Per Children's Healthcare of Atlanta guidelines, please do not include any items that are not new. Suggested items for the bags include, but are not limited to

- Markers
- Window Markers
- Small boy and girls Lego sets
- Slinkys
- PlayDoh
- Matchbox or other small cars
- Small stuffed animals
- Fun Chapstick
- Silly Socks
- Silly Putty
- Card Games
- Books
- Nerf Balls
- Color Wonder Sets
- Nail Polish

- Individual Craft or Jewelry Kits (the kind you can purchase at Michael's)

Sample items for Boredom Buster Bags

While you may personally deliver completed Boredom Buster Bags to the CURE office* located at 200 Ashford Center North, Suite 250 Atlanta 30338; you may also bring them to any of our luncheons and give them to either Kathy Larkin or Kathryn Wilson.

*CURE's office hours are 8:30am - 5:30pm | M-F ... **Please email or call the office to confirm delivery date and time.**

The AHS's FREE PETS FOR VETERANS PROGRAM found loving homes for 15 dogs and 5 cats in March! Delta Clipped Wings supports this program and helps make these adoptions happen. Learn more about just three of these adoptions below!

Leonard

This veteran came in looking for a dog who would join him on the hike and nature trails he uses to relax. He came in looking for an older dog who needed a loving home and was drawn towards Leonard because of his energy and personality. It was a perfect fit!

Dixie

Both the adopter and her husband are veterans and wanted a friend for their existing rescue dog who they rescued last year from AHS! They saw Dixie and just knew she was the one! Dixie is a special dog who was found with BB pellets in her from an unknown incident, but now Dixie is in a loving home where she won't have to worry about that ever again!

Luna

Luna was rescued by AHS after living in a puppy mill her entire life. She was matted, suffering from severe dental disease and had never felt love. Now, thanks to the Pets for Veterans Program, Luna will always know what love is, and her loving new mom will have someone to provide her comfort.

7 WAYS SCAMMERS GET YOUR INFORMATION

By Amy Nofziger and Mark Fetterhoff, Consumer Fraud Experts with the AARP FRAUD WATCH NETWORK

Many of you may get news from AARP, but in case you don't, here is some very good information on scams for everyone regardless of age.

How Do Scammers Know So Much About Me?

They're good sleuths, but too often we give our data away!

A recent caller to the AARP FRAUD WATCH NETWORK helpline was being tormented with fake emails and trolling phone calls from scammers who seemed to specifically target him. He asked, "How do these people know so much about me?" We get that call a lot. Many don't understand how they get on the radar of crooks. Here are some of the ways.

- ✚ **I frequently enter contests.** Online contests are gateways to unwanted sales pitches. Not only do marketers collect information like name, age and address, they may learn other things - that you like to travel or are buying a car. Also, they know you believe in luck. That could make you a target.

- ✦ **I mail in warranty cards.** Ever notice when you fill out a warranty card for a toaster or coffee maker that it requests information like how much money you make? It is likely your information is being sold to others, either legitimately or as part of a scam.
- ✦ **I fill out lots of surveys.** Did you recently fill out a questionnaire rating your stay at a hotel or the service at a restaurant? Selling survey data is big business, and marketing firms and even criminals can learn a lot about you based on travel preferences, what type of home you own or what car you drive.
- ✦ **I share personal updates on Facebook.** Scammers turn to social media postings to learn more about those they've targeted. **So be prudent:** Don't post personal info, narrow who can see your posts and avoid posting real-time updates about your whereabouts.
- ✦ **I live in the United States.** Many public records are available at the federal, state, county and city levels, including census data, property information, criminal records, bankruptcies and tax liens. Private companies can pull together all this information on you and sell it to anyone. And it's 100 percent legal.
- ✦ **I toss my mail.** Shred all mail that has your name and address, account numbers, or other personal data. If you don't have a home shredder, save your papers for a neighborhood shredding event. (AARP sponsors these in many communities.) Messy garbage won't deter a bad guy.
- ✦ **Someone in my family has died recently.** Obituaries are prime hunting ground for scammers, who learn the names of vulnerable widows, widowers, children or grandchildren. Honor the dead, but keep personal information in obituaries to a minimum.
